# **AGREEMENTS OF THE STRATEGIC PROJECTS UNIT OF COLEGIO JURISTA**

At Colegio Jurista, we have a strong commitment to education without borders. We believe in local, national, and international partnerships to strengthen the teaching process, motivating our students to look beyond the walls of academic classrooms.

In our pursuit to establish ourselves as a quality, transparent, and socially responsible educational institution, we have decided to launch a very intensive campaign to interact with leading educational institutions that shape the formation of young individuals with a high academic commitment.

Recent global events have impacted all aspects of modern life, and education is no exception. On the contrary, academic models have been a fundamental guiding thread to turn an extraordinary health circumstance into an opportunity to bridge distances and ensure that the right to knowledge extends beyond classrooms and reaches homes thousands of kilometers away from content creators to recipients.

Today, we face new challenges, one of which is to generate synergies to prepare future agents with a comprehensive view of the world—a world that is new and constantly changing.

Below, we provide a summary of the activities and characteristics of the agreements that our institution has undertaken in the second semester of 2023.

We remain attentive to follow-up actions of interest driven by the information we present.

I am at your service, reiterating our commitment to building knowledge synergies.

**Dr. Jorge Manuel Manrique Morteo**  
**Rector of Colegio Jurista.**

With the commitment to open communication channels and under the leadership and execution of MBA Enzo Gravina, Head of the Strategic Projects Unit of Colegio Jurista, actions have been taken to boost the educational innovation ecosystem in the following strategic areas:

- a. Align with the most prestigious international educational centers and forums, exchanging opinions and agreements with leading schools in the global academia.
- b. Establish collaboration agreements locally with highly prestigious institutions in Morelos.
- c. Create mechanisms for interaction from the local level to enhance Mexican knowledge in the global context.

## INTERNATIONAL AGREEMENTS

Academic exchange agreements and, in specific cases, agreements for students who are part of Colegio Jurista's network of allies have been finalized with the following foreign institutions:

### **Ratification as members of the international NAFSA Network**

**NAFSA:** Association of International Educators is the world's largest and most diverse nonprofit association dedicated to education and international exchange. It works to promote policies and practices that ensure a more interconnected and peaceful world today and for future generations.

UNIVERSIDAD DE MÁLAGA

### **University of Malaga in Spain**

The University of Malaga, along with the University of Seville, forms the "Andalucía Tech" International Excellence Campus, working in cutting-edge research and transfer areas while maintaining strategic alliances with over 150 companies. Currently, nearly forty thousand students are enrolled.

KEISER  
UNIVERSITY

### **Keiser University**

A leading institution in Forensic Sciences and Justice programs in the United States.

### **British Council**

The UK's public cultural institute with a mission to spread knowledge of the English language and its culture through training and other educational activities.

## LOCAL AGREEMENTS

Fostering virtuous circles that contribute to professional and individual growth through establishing interconnected knowledge pathways and inter-institutional brotherhood forms the basis of Colegio Jurista's agreements in Morelos with the following institutions:

### **Colegio Marymount Cuernavaca**

An institution offering multicultural education based on a humanistic, constructivist, and Catholic approach.

### **Colegio Cencalli Bicultural**

An institution with over 20 years of experience, providing education with values in a healthy and secure environment, akin to being at home.

### **Colegio Hellen Keller**

A bilingual educational institution providing quality, humanistic, comprehensive, and current personalized education grounded in universal values to achieve human, academic, and professional excellence. The aim is to develop leaders committed to society, the environment, and sustainable development, with both local and global perspectives.

### **Colegio Mancunian**

An institution committed to helping students achieve integral and harmonious development of their intellectual, physical, cultural, technological, and social competencies through the practice of universal human values, as well as social responsibility, love for the country, and care for the environment.

### **Colegio Robert Kennedy**

An institution with the mission of providing comprehensive academic training for young individuals, strengthening values and scientific knowledge without ideological, religious, social, or economic discrimination. The focus is on enhancing meaningful learning and humanism to shape better individuals through personalized education.

We will continue to build bridges with the firm objective of creating an academic community without borders.
